SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of EDMONTON SCHOOL DISTRICT NO.7
presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with generally accepted accounting principles and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control.

Board of Trustees Responsibility

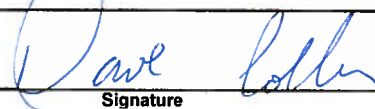

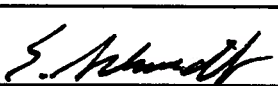

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

External Auditors

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

Declaration of Management and Board Chairman

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position and results of operations and cash flows for the year in accordance with generally accepted accounting principles and follow the financial reporting requirements prescribed by Alberta Education.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Edmonton School District No. 7

We have audited the accompanying financial statements of Edmonton School District No. 7, which comprise the statement of financial position as at August 31, 2011, the statements of revenues and expenses, capital allocations, change in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Edmonton School District No. 7 as at August 31, 2011, and its results of operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

1. Authority and Purpose

Edmonton School District No. 7 (the District) is empowered to provide public education through bylaws approved by its Board of Trustees and pursuant to the provisions of the Alberta School Act.

2. Significant Accounting Policies

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP). The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgement. Actual results could differ from those estimates and approximations. The financial statements have, in administration's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Capital Assets

Capital assets are recorded at original cost. Capital assets contributed to the District are recorded at the administration's best estimate of fair value at the time the assets are contributed. Commencing in the year following the year of acquisition, amortization is recorded on a straight-line basis over the estimated useful lives of the assets using the following rates:

Buildings and site improvements	2.5% to 10%
Furniture and equipment	10% and 20%
Vehicles	10%

Revenue Recognition

The District receives funds from the province for instruction, support and capital purposes under Alberta Government Regulations.

Grants from the province that are restricted for the acquisition of capital assets are recorded as deferred capital allocations until spent. Once spent, they are transferred to unamortized capital allocations, which are amortized on the same basis and at the same rates as are applied to amortization of the cost of the assets. For contributed capital assets, the contribution is recorded as unamortized capital allocations at the best estimate of fair value determined for the contributed assets. The accumulated surplus is not impacted as the additional income is offset by the additional capital asset amortization expense of an equal amount.

Unrestricted donations are recognized as revenue when received or receivable. Donations in kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction has been met.

Contributed Services

Volunteers assist schools operated by the District in carrying out certain activities. Contributed services are not recognized in the financial statements due to the difficulty of determining the fair value and the fact that such assistance is generally not otherwise purchased.

Inventories

Inventories consist of supplies valued at the lower of average cost or current replacement cost.

Financial Instruments and Risk Management

The District has designated cash and temporary investments and the school generated assets, representing restricted cash, as held-for-trading financial assets. Accounts receivable, trust assets and the long-term receivable are classified as loans and receivables. All financial liabilities are classified as other financial liabilities. Unless otherwise noted, the fair value of these financial instruments approximates their carrying values.

Transaction costs are recognized immediately in the statement of revenue and expenses. Trade-date basis of accounting is used for financial instruments. The District has elected to exclude the application of Section 3855 of CICA Handbook for contracts to buy or sell non-financial items and embedded derivatives within these contracts and for embedded derivatives within lease and insurance contracts.

The District has a comprehensive risk management framework to monitor, evaluate and manage the principal risks assumed with financial instruments. The risks that arise from transacting financial instruments include credit risk, liquidity risk, and price risk. Price risk arises from changes in interest rates, foreign currency exchange rates and market prices. The District does not use derivative financial instruments to alter the effects of these risks. The District invests surplus funds, including school generated funds, in accordance with Section 60(2) of the School Act and Section 5 of the Trustees Act.

The District's accounts receivable are substantially comprised of amounts due from the provincial and federal governments. Funds on deposit are maintained with Schedule 1 Canadian financial institutions. Accordingly, the District is not exposed to significant credit risk. A substantial portion of the District's long-term debt is supported by the provincial government which mitigates liquidity and price risks. Further, substantially all of the District's operations are transacted in Canadian currency.

Capital Reserve

An amount equal to the net proceeds of sale of capital assets and interest generated by these funds is transferred to the capital reserve. The utilization of the reserve is restricted to capital expenditures under external restrictions or internal restrictions at the discretion of the Board of Trustees.

Operating Reserve

The operating reserve represents school and central services decision units' unspent budget allocations. When expenditures are made from the unspent budget allocations, the operating reserve will be drawn down accordingly. This reserve cannot result in a negative unrestricted net asset balance.

Asset Retirement Obligation

The District recognizes the fair value of future asset retirement obligations as a liability when there exists a legal obligation associated with the retirement of tangible long-lived assets. The District concurrently recognizes a corresponding increase in the carrying amount of the related long-lived asset that is amortized over the life of the asset or the expected date of remediation. The fair value of the asset retirement obligation is estimated using the expected cash flow approach that reflects a range of possible outcomes discounted at a credit-adjusted risk-free interest rate.

Subsequent to the initial measurement, the asset retirement obligation is adjusted at the end of each period to reflect the passage of time and changes in the estimated future cash flows underlying the obligation. Changes in the obligation due to the changes in estimated cash flows are recognized as an adjustment of the carrying amount of the related long-lived asset that is being amortized. The District has a legal obligation to remove hazardous materials from District buildings. A liability is recognized when the asset has been approved by the Board of Trustees for disposition and when the fair value of the liability can be reasonably determined. When there is reasonable assurance of capital support for such obligations (funding commitments), the District accrues the receivable and reduces the remaining carrying amount.

Vacation Pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Pensions

The current service and past service costs of the Alberta Teachers' Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers' Pension Plan Act, the District does not make pension contributions for certificated staff.

The District participates in the Local Authorities Pension Plan, which is a multi-employer pension plan and does not report on any unfunded liabilities. The service costs for employees for the current year of \$13,754 (2010 - \$12,457) are included in these statements and comprise the District costs of employer contribution. At December 31, 2010, the Local Authorities Pension Plan reported a deficiency of \$4,635,250 (2009 - \$3,998,614).

Capital Management

The District's capital consists of its net assets. The District is required to maintain sufficient net assets to support operational capital asset needs while ensuring no deficiency in unrestricted net assets. Accordingly, each year, the District prepares a Board of Trustees approved budget based on its projected funding to ensure sufficient funds are available to meet the District's operational capital asset and operational needs. The District monitors its performance against this budget throughout the year and adjusts expenditures when necessary to ensure the District's compliance with net asset requirements. As part of the budget process, the District establishes budgets for each of its business units which, in aggregate, equal the Board of Trustees approved budget.

When necessary, the Board of Trustees can request appropriation of funds from the Capital Reserve to eliminate a deficiency in unrestricted net assets. In addition, to support business unit unspent budget allocations in anticipation of planned projects or spending commitments, the Board of Trustees will transfer unrestricted net assets to the Operating Reserve and draw on these funds when spent.

5. Capital Assets

In 2010, the District assumed control over six new schools constructed and financed by the province under the Alberta Schools Alternative Procurement (ASAP) project. These schools and associated site improvements, constructed on District land, were recorded based on Administration's best estimate of fair value of \$242,977. During the year, additional capital costs of \$3,049 for these six schools related to price adjustments agreed to by the Ministry of Education (the Ministry) have been recognized in capital assets and the related unamortized capital allocations.

Currently, the Ministry is constructing additional schools under a new ASAP of which three schools are being constructed on sites owned by the District. It is expected that these three schools will be transferred to the District prior to September 2012. The estimated net present value of the work in progress completed by August 31, 2011 for the three schools was \$43,079. Similar to the previously granted school properties, the Ministry is responsible for all capital, maintenance and renewal payments to the contractor over a 30 year period related to the three schools under construction. The estimated work in progress has not been recognized in these financial statements.

EDMONTON SCHOOL DISTRICT NO. 7
NOTES TO FINANCIAL STATEMENTS
August 31, 2011
(Amounts in thousands)

The current portion of long-term debt includes amounts payable by Alberta Finance for supported debt principal. As this amount is not payable by the District, the District's working capital has been increased as follows:

	<u>2011</u>	<u>2010</u>
Working Capital Surplus per statements	\$36,809	\$55,229
Supported Current Portion of long-term debt	<u>2,610</u>	<u>3,115</u>
	<u>\$39,419</u>	<u>\$58,344</u>

The District paid \$765 (2010 - \$1,134) interest on long-term debt in the year.

9. Deferred Capital Allocations

Capital allocations received for qualifying capital projects initiated by the District have been capitalized. These allocations are transferred to unamortized capital allocations as the capital expenditure is incurred. Details of the changes in the deferred capital allocations account are as follows:

	<u>2011</u>	<u>2010</u>
Balance at beginning of year	\$17,702	\$41,941
Allocations received and receivable during the year	4,606	15,182
Transfers to Unamortized Capital Allocations	<u>(15,614)</u>	<u>(39,421)</u>
Balance at end of year	<u>\$6,694</u>	<u>\$17,702</u>

10. Unamortized Capital Allocations

Unamortized Capital Allocations (UCA) represent externally restricted capital funds received from governments which are used for the acquisition of capital assets or the repayment of debt originally incurred for the purpose of acquiring capital assets. These allocations are amortized on a basis consistent with the capital asset the allocation funded. The UCA account balance is increased by transfers of deferred capital allocations expended, as well as fully-supported debenture principal payments.

13. Related Party Transactions

The District's primary source of income is from the Alberta Government. The District's ability to continue viable operations is dependent on this funding.

Effective 2005/2006 school jurisdictions were deemed to be controlled by the Government of Alberta according to the criteria set out in PSAB 1300. All entities that are consolidated in the accounts of the Government of Alberta are now related parties of school jurisdictions. These include government departments, health authorities, post-secondary institutions and other school jurisdictions in Alberta.

- 1) These trustees did not run or were defeated in the October 2010 Civic Election. Each received a Transition Allowance based on the number of years served as Trustee totaling \$62,740.
- 2) The benefit cost for the Superintendent includes payments to the Supplementary Pension Plan of \$24,174 but does not reflect the Alberta Teachers' Retirement Fund (ATRF) contribution made by Alberta Education on behalf of Edmonton School District No.7 in the amount of \$14,244 for 2010/11 (\$12,320 for 2009/10).

15. The Urban Schools Insurance Consortium

The District is a member of The Urban Schools Insurance Consortium (USIC), which facilitates the placement of property and liability insurance coverage for thirteen jurisdictions throughout the province of Alberta. Premium rebates are received from the insurers' favorable claims experience and accumulated by the consortium to self-insure a portion of the member's risk exposure. The District's share of the accumulated consortium funds as at August 31, 2011 was \$1,972 (2010 - \$1,805). This amount has not been recognized in the district's financial statements, as the revenue has not been realized by the District.

16. Comparative Figures

The comparative figures for 2010 have been reclassified where necessary, to conform to the current year's presentation.

School Generated Funds (SGF) are funds raised in the community for student activities that come under the control and responsibility of school management. These funds are usually collected and retained at the school for expenditures paid at the school level. SGF does not include any other funds collected at the school but remitted to central office and accounted for by central office (facility rentals, capital assets purchases, etc.)

Notes:

- 1 Excludes fees collected pursuant to Section 60(2)(j) of the School Act (fees related to instructional supplies or materials - essentially textbooks, resource materials in lieu of textbooks, media, software, and materials for classrooms). Fees charged for CEU-related activities are recorded as instruction resource fees, not SGF.
- 2 The sum of "total related expenses" and "total uses of net SGF" is reported as "gross school generated funds" in the Statement of Revenues & Expenses.
- 3 Unexpended SGF is reported as SGF assets and SGF liabilities in the Statement of Financial Position.
