

# RENTAL RATES

## 2017-2018

### Not-for-profit rates

These rates apply to activities that do not result in financial gain and are sponsored by registered not-for-profit groups or informal organizations (e.g., political or union meetings, language classes, condominium association meetings and all other non-recreational activities). Custodial rates are added to the hourly rates when calculating the cost for after-hours rentals.

### For-profit rates

These rates apply to activities sponsored by a profit-oriented organization (i.e., one not registered under the *Societies Act* or Part 9 of the *Business Corporation Act*) for which a fee is charged, or which indirectly result in financial gain for an individual or company (e.g., private computer, music or sports-related instruction). Custodial rates are added to the hourly rates when calculating the cost for after-hours rentals.
