## ISSUE

At the March 10, 2020, Board Meeting, Trustee Michael Janz requested Administration provide information on the following:

1. What the impacts were to funding for private and charter schools in the 2020 Budget.
2. To provide an explanation of the changes to education property taxes in the 2020 budget.

## BACKGROUND

A new funding assurance model was released in early 2020, which saw significant changes to the provincial funding model to school jurisdictions, charter schools and accredited private schools.

- The new provincial funding model consists of 15 major grants.

- The majority of the grants are either fully or partially calculated using the new Weighted Moving Average (WMA) enrolment approach introduced by the province. This model captures the number of funded students across three school years and does not allocate funding per individual student.

## CURRENT SITUATION

Generally speaking, charter schools fall under the same funding model as school jurisdictions. However, the amount of funding per grant is different.

The following information outlines the difference in funding between charter schools and school jurisdictions and changes between the 2019-2020 school year to the upcoming 2020-2021 school year.

### Specialized Learning Service Grant (SLS)

This is a new grant for the 2020-2021 school year. The SLS Grant is comprised of three components as shown in the following table:

SLS Grant Components	School Jurisdiction Rates	Charter School Rates
1. Multi-Disciplinary Team (MDT) Allocation	Base Allocation (\$5,000 x WMA FTE Enrollment) + \$425 x WMA FTE Enrolment	Base Allocation (\$2,500 x WMA FTE Enrollment) + \$212.50 x WMA FTE Enrolment
2. Jurisdiction Composition Allocation	Jurisdiction Composition Factor (%) X Total Provincial Allocation (\$110M)	Jurisdiction Composition Factor (%) X Total Provincial Allocation (\$110M)
3. Mental Health Program Allocation	Base Allocation (\$5,000 x WMA FTE Enrollment) + Proportional Share of Provincial Enrolment (\$40M)	Base Allocation (\$2,500 x WMA FTE Enrollment) + Proportional Share of Provincial Enrolment (\$40M)

Charter Schools, however, have the option to be funded under the new SLS Grant or remain under the prior year's Severe Disabilities grant. The codes and categories are outlined in the [Special Education Coding Criteria, 2020/21](#).

Coding	2019-2020 (per FTE)	2020-2021 (per WMA FTE)	Difference
Mild/Moderate	\$2,486.76	\$2,486.76	\$0.00
Severe	\$16,465.00	\$16,465.00	\$0.00

While the rate has not changed from 2019-2020, the WMA is used to calculate the funding rather than per-student as used in previous years. School jurisdictions do not have an equivalent grant.

## Operations and Maintenance Grant:

	<b>2019-2020 Funding Rates (per student)</b>	<b>2020-2021 Funding Rates (WMA FTE)</b>
School Jurisdictions	\$795.30 for ECS-6 \$751.18 for Grades 7-9; and \$755.38 for Grades 10-12.	\$218.00 per WMA FTE + \$65.00 per sq.ft Utilized Space (≥85%) + \$46.00 per sq.ft Underutilized Space (<85%)
Charter Schools	\$795.30 for ECS-6 \$751.18 for Grades 7-9; and \$755.38 for Grades 10-12.	\$750.00 per FTE

## System Administration Grant:

For 2020-2021, changes have been made to the amount school jurisdictions and charter schools can spend on system and administration expenses. The new funding rate is dependent on the WMA.

	<b>2019-2020</b>	<b>2020-2021</b>
<b>School Jurisdictions and Charter Schools</b>	Sliding scale between 3.6% and 5.4% - depending on enrolment	< 2,000 WMA FTE = 4.95%  2000 > 6000 = sliding scale between 3.15% and 4.95%  > 6,000 WMA FTE = 3.15% of operating expenses

## **Changes to Private Schools**

Attachment I shows the difference in funding between private schools and school jurisdictions, whereas Attachment II shows the difference in funding between 2020-2021 and 2019-2020 for private schools.

## Severe Disabilities Grant for Accredited Funded Private Schools:

Accredited funded private schools and charter schools use the severe disabilities categories and codes outlined in the special education coding criteria and receive funding for approved students.

<b>Coding</b>	<b>2019-2020 (per FTE)</b>	<b>2020-2021 (per WMA FTE)</b>	<b>Difference</b>
<b>Mild/Moderate</b>	\$2,486.76	\$2,486.76	\$0.00
<b>Severe</b>	\$16,465.00	\$16,465.00	\$0.00

While the rate has not changed from 2019-2020, the WMA is now used starting in 2020-2021. School jurisdictions do not have an equivalent grant.

A Designated Special Education Private Schools (DSEPS) is an accredited funded private school that has been given special approval and funding by the Minister, where the sole purpose of the school is to serve students who are identified with a mild, moderate or severe disability.

Coding	DSEPS Base Funding	Services and Supports Grant	Total Funding
Mild/Moderate	\$11,639.00	\$2,486.76	\$14,125.76
Severe	\$7,537.59	\$16,465.00	\$24,002.59

### Early Literacy Grant:

This grant, providing funding for Grade 1 and 2 students, was removed for the 2020-2021 school year. School jurisdictions do not have an equivalent grant for comparison.

	2019-2020 Funding Rates (per student)	2020-2021 Funding Rates (WMA FTE)
School Jurisdictions	N/A	N/A
Private Schools	\$159.63	\$0.00

### Community Supports Grant:

This grant is intended to fund a “community’s socio-economic context [that] poses unique challenges to the operation of schools and the delivery of educational services.” For comparison purposes, the Social-Economic Status (SES) grant for school jurisdictions was used.

	2019-2020 Funding Rates (per student)	2020-2021 Funding Rates (WMA FTE)
<b>School Jurisdictions</b>	Incidence Rate (0.00 to 1.00; EPSB’s is 0.256) x FTE Enrolment x Rate of \$471.24 per FTE	Total Provincial SES Allocation (\$99.2M) x Jurisdiction's SES-Index-Weighted Share (EPSB’s share is 14.85%)
<b>Private Schools</b>	N/A	\$8,750.00 + WMA x Rate (\$150.00 for DSEPS, \$75.00 for all other)

## System Administration Grant:

In 2020-2021 there were changes to the amount school authorities could spend on system and administration expenses.

	2019-2020	2020-2021
<b>School Jurisdictions and Charter Schools</b>	sliding scale between 3.6% and 5.4% depending on enrolment	<p>&lt; 2,000 WMA FTE = 4.95%</p> <p>2000 &gt; 6000 = sliding scale between 3.15% and 4.95%</p> <p>&gt; 6,000 WMA FTE = 3.15% of operating expenses</p>
<b>Private Schools</b>	Sliding scale between 3.6% and 5.4% depending on enrolment	<p>Lesser of: 4.95% of operating expenses <u>or</u> \$400,000</p>

## Education Property Taxes – Budget 2020

When the 2020-2021 budget was originally introduced, education property taxes included an increase of 3.4 per cent, as a reflection of Alberta's population growth and inflation. However, in light of the COVID-19 pandemic, the province has reversed this measure and gone back to rates similar to the 2019-2020 budget.

For further reference, see Attachment III *Educational Property Tax: Fact Sheet (2020 Revised)*, provided by the Government of Alberta.

While the rates have not changed significantly, the property values assessments being used are now the 2018 property values, whereas the 2019-2020 Budget used the 2017 property values. The observed 3.52 per cent increase (\$87.4 million) on the total Alberta education property tax requisition report (Attachment IV) is a result of the property assessment value increases.

Total Alberta Education Property Tax Requisition			
2019	2020	Difference (\$)	%
\$2,481,660,349	\$2,569,061,682	\$87,401,333	3.52%

Highlighted in Attachment IV are values for the City of Edmonton on page 1 and the provincial total on page 7.

# Education Property Tax

## Fact Sheet

### Highlights of the 2020/21 provincial education property tax

In Budget 2020/21, the province planned to grow the annual education property tax based on population growth and inflation. This planned increase has been cancelled due to the impact of the COVID-19 crisis. Instead, in 2020/21 the province will levy about \$2.5 billion, the same amount of revenue as was collected in 2019/20.

Education property taxes provide a stable source of revenue and equitable funding that supports education from kindergarten to Grade 12. This year, education property tax funds about 30 per cent of the consolidated education operating cost, including teachers' salaries, textbooks and classroom resources. Education property tax is not used to fund government operations, capital costs like school construction or renovation, or teachers' pensions.

Under the provincial funding model, all education property taxes are pooled by Alberta Education through the Alberta School Foundation Fund and distributed to public and separate school boards on an equal per-student basis.

### How education property tax is calculated for municipalities

All municipalities collect an equitable share of the provincial education property tax in proportion to their total taxable property assessments, which are equalized across the province. The equalization process ensures owners of properties of similar value and type across the province pay similar amounts of education property taxes. For more details on this process, refer to the [Guide to Equalized Assessment](#) on the Alberta Government website.

The provincial equalized assessment base used to determine education property taxes this year reflects 2018 property values.

In 2020, the education property tax will be calculated at a rate of \$2.55 per \$1,000 of the total residential/farmland equalized assessment value. The non-residential rate will be set at \$3.75 per \$1,000 of equalized assessment value.

Property owners may see a change to their education tax bill if their assessments change in relation to the provincial average. Individual properties are taxed based on the local education property tax rate set by the municipality's 2020 tax bylaw applied to the taxable assessment value determined by the municipality.

### How much Calgary and Edmonton will contribute to education property tax

Based on this formula, Calgary taxpayers will contribute \$772.0 million in education property tax in 2020. It is projected that Calgary's two school boards will receive about \$1.69 billion in provincial funding for the 2020/21 school year.

Edmonton taxpayers will contribute \$496.1 million in education property tax in 2020. It is projected that Edmonton's two school boards will receive about \$1.47 billion in provincial funding for the 2020/21 school year.

### Why property owners are asked to declare their faith

The Canadian Constitution guarantees Roman Catholic citizens' minority rights to a separate education system. In communities with separate school jurisdictions, property owners can declare they are of the Roman Catholic faith so their education property tax dollars can be directed to those separate school jurisdictions.

## Why people without children pay education property taxes

Alberta's education system supports the development of a skilled workforce, contributes to growth in the economy, and supports the social well-being of individuals and the province as a whole. These benefits reach all Albertans, regardless of their age, marital status, or whether they have children.

Questions about financial assistance for seniors or the Seniors Property Tax Deferral program can be directed to the **Alberta Supports Contact Centre at 1-877-644-9992 (in Edmonton - 780-644-9992).**
