DEFINITIONS

Definitions for the following terms and for terminology for all other policies related to Board Policy AE.BP Welcoming, Inclusive, Safe and Healthy Learning and Working Environments are also found in a Glossary of Terms (linked in References).

- **Academic integrity** is honest and responsible academic behaviour. Students are expected to submit original work, acknowledge sources and conduct themselves ethically in the completion of assessments and examinations.
- **Anti-racism** is the proactive and consistent process of identifying, challenging, preventing and eliminating racism. It uses direct action to acknowledge where privilege exists, raise awareness, advocate for change and challenge beliefs (such as prejudice, bias and stereotypes) at the personal and institutional level to create and implement action to fight racism for individuals and within an organization, workforce or group.
- **Bullying** is defined in the *Education Act* as "repeated and hostile or demeaning behaviour by an individual in the school community where the behaviour is intended to cause harm, fear or distress to one or more other individuals in the school community, including psychological harm or harm to an individual's reputation."
- **Conflict** occurs when there is a breakdown in relationships between individuals that results from a disagreement or misunderstanding. While conflicts may require adult intervention, they are considered to be a natural part of how students learn to navigate relationships.
- **Discrimination** is negative differential treatment of a person or group on the basis of race, religious beliefs, ethnicity, language, colour, gender, physical disability, mental disability, age, ancestry, place of origin, marital status, source of income, family status, gender identity and/or gender expression or sexual orientation.

- **Racism** includes conscious and unconscious discriminatory or derogatory attitudes, microaggressions, comments or actions directed at marginalized groups relative to race or culture. It is based on assumptions, perceptions, social constructs, lack of knowledge or personal beliefs of superiority. Racism occurs in the context of a power and privilege imbalance and can be experienced at the individual, institutional or systemic level.
- **Restorative practice** is an approach that brings together those who have caused harm and those who have been harmed to openly resolve the issue. Restorative practice can range in formality; however, it always involves an agreed upon action to repair harm and mend relationships.
