TO: Board of Trustees

FROM: Darrel Robertson, Superintendent

SUBJECT: Class Size Information

ORIGINATOR: Cliff Richard, Chief Infrastructure and Technology Officer

RESOURCE STAFF: Vicki deHaan, Terry Korte, Dale Lochtie, Leanne Spelman, Clair Sprake

REFERENCE: Class Size Reporting

ISSUE

Attached are the Division's 2024–2025 class size reporting results, along with two years of historical data.

BACKGROUND

The Class Size Information System (CSIS) was implemented by Alberta Education in the 2004–2005 school year to allow jurisdictions to report on various class size metrics. Class size data for semester one and full-year classes were reported annually as of the September Count Date.

The Province eliminated the class size reporting requirement in the fall of 2019. However, the Board of Trustees determined that Edmonton Public Schools would continue to collect and publish class size data consistent with previous Alberta government reporting requirements. The Board collaborated with Division Administration to develop a reporting model that considers both class size and complexity.

The Board and Administration will review this annual report in light of current rapid enrolment growth and the pending opening of new schools in the Division, to ascertain if changes in the report structure or content for future iterations may be beneficial.

CURRENT SITUATION

Previously, gathering this data was a very time-consuming process for both school staff and central units. Over the last four years, new processes and reports were created and refined to utilize PowerSchool data for generating class size data. When additional information was needed to supplement the data extracted from PowerSchool, individual schools were contacted, and necessary adjustments were implemented. As school staff and central units continue to collaborate and refine the methodology, it is expected that these changes will lead to significant time savings for schools and Student Information when preparing reports in the future.

Reports mirroring those previously produced by Alberta Education have been generated. These reports show three-year class size averages, including a jurisdictional summary by grade for all and core subjects. Aggregated Division data can be found in the All Subjects and Core Subjects reports (Attachments I and II). Individual school reports for All Subjects and Core Subjects are also included (Attachments III and IV).

KEY POINTS

- Average class size on both reports, “All Subjects” (Attachment I) and “Core Subjects” (Attachment II), reveals stable class size over last year for all four Divisions.
- The largest class at each Division “Core Subjects” (Attachment II) is fairly consistent with prior years.
- The largest class size at Division III in “All Subjects” (Attachment I) has increased while the largest class size at Division IV has decreased.
- Large class sizes often occur in specialized subjects where having all students together is essential for instruction, e.g. leadership, instrumental music, choral music, drama or musical theatre.
- The distribution of class sizes on both reports “All Subjects” and “Core Subjects” for Division I has increased, as represented by both percentage and number of classes with classes between 26 to 30 and 31 to 35 students (Attachment I and II).
- The distribution of class sizes on both reports “All Subjects” and “Core Subjects” for Divisions II and III has increased, as represented by both percentage and number of classes with classes between 31 to 35 students (Attachment I and II).
- The class size data does not consider the program, such as French Immersion or Cogito, in which the students are enrolled.
- When students are in multi-grade classes of Grade 3/4 those classes are included in the Division II average, Grade 6/7 classes are included in the Division III average and Grade 9/10 classes are included in the Division IV average.
- Classes that are team taught by two or more teachers are reflected as a “student per teacher” size (i.e., a class of 50 with two teachers would be reported as two classes of 25).
- Special Education classes are included in the reports.
- Outreach, Alternative, Virtual, Home Education and Distance Education programs have been excluded.

ATTACHMENTS and APPENDICES

ATTACHMENT I	Jurisdiction Summary – All Subjects
ATTACHMENT II	Jurisdiction Summary – Core Subjects
ATTACHMENT III	Jurisdiction Summary – All Subjects by School
ATTACHMENT IV	Jurisdiction Summary – Core Subjects by School
