# Three-Year Capital Plan

Working with funding provided by the Government of Alberta, Edmonton Public Schools plans and prioritizes its capital needs carefully to meet the needs of students today and into the future.

Our [Three-Year Capital Plan 2027–2030](#) establishes the Division’s highest priority school facility needs for a three-year period. The plan balances the need for new schools in growing parts of the city with the need to modernize or replace older schools, ensuring a strong foundation for student success.
